

FELTY

Needle Felt Fabric in Vibrant Colours

For Embroideries, Emblems and Appliqués

With this special needle felt, fibers are mechanically connected with the aid of numerous barbed needles until a high-quality felt surface is created. FELTY is especially suitable for embroidery applications. The material is soft yet dimensionally stable and the embroidery needle is not deflected when piercing the felt. This allows high-quality appliqués, emblems and badges to be produced without any problems.

GUNOLD[®]

Processing Recommendations:

- ◆ For appliqués and patches, laser the fabric before processing
- ◆ Effective underlay stitches prevent the stitches from disappearing into the fabric
- ◆ Place water-soluble SOLVY foil on the fabric before embroidering – the result are perfect contours

Care Instructions:

Technical Information:

- ◆ **Material:**
100% Polyester
- ◆ **Weight:**
about 210 g/m²
- ◆ **Make-up:**
ca. 100 cm x 3 m; thickness 1,5 mm
ca. 100 cm x 10 m; thickness 1,5 mm
- ◆ **Range of colours:**
available in 24 universal colours

Tip:
