

◆ Upper Threads

FILAINE

Acrylic Embroidery Thread with a Woollen Feel

Wool Texture for Striking Accents!

Acrylic wool combines the natural look of wool with the durable properties of acrylic. A perfect combination of design and technology for many embroidery and seam applications. FILAINE convinces by its fine wool texture is robust in processing and convinces by its high tear and abrasion resistance.

GUNOLD[®]

Processing Recommendations:

- ◆ **Needle:**
Use ORGAN No. 90.
- ◆ **Bobbin Thread:**
For best results, use BOBBY SYN 100, BOBBY FIL 120 L.
- ◆ **Tip for embroidery designs:**
Only suitable for embroidery programs designed for such heavy threads.
Important: large design, few short stitches, preferably with few or no underlay stitches.

- ◆ **The special tip!**
After embroidering, roughing up - with FILAINE / COTTY 12
After embroidering, treat the areas of a motif that you would like to have a furry look with the special brush „FILAINE BRUSH“.
